MILCast Australia is a Gradian Group Company.

No: AU001697-1

ABOUT MILCAST

Our knowledgeable team has been designing and manufacturing quality precast concrete products since 2000, with a strong reputation for providing quality products at an affordable price. Our clients span agricultural and commercial industries and include large land owners, irrigation companies, councils and Tier 1 construction contractors.

We can design and manufacture to order, to suit your specific needs, or simply select from our existing product range which includes:

Headwalls – culvet ends – pits – bay outlets (with aluminium door or rubber flap available) – rice flumes – channel and bankless channel checks – drop boxes – bubblers.

AGRICULTURE

VARIOUS PRODUCTS MADE TO SUIT YOUR IRRIGATION NEEDS

Our Precast Agricultural products were designed with ease of installation and effective water control in mind. They are built to last for many decades of constant use and will withstand all weather conditions. Various sizes allow for more versatility in choosing what will work best for you.

CUSTOM

CUSTOM PRODUCTS DESIGNED TO GIVE THE CUSTOMER EXACTLY WHAT IS REQUIRED

Customising pits allows us to work with you to produce the best possible product to suit your needs. Block outs, bung placement, screw lift doors or rubber flaps are all examples of how we can cater to your requirements. Pit lids, trash screens and any extras you might want, we can provide.

INFRASTRUCTURE

BUILDING PRODUCTS TO LAST WELL INTO THE FUTURE

Branching out into infrastructure products allows us to cater to more businesses needing precast concrete. Whether you are upgrading an old structure or installing one for the first time, we are here to help. If you cannot find what you need on these pages, feel free to give us a call.
